

LIS 514 Research Methods Substitution

Waiver Request

Student name: _____

Student ID: _____

Advanced degree and granting institution:

Program name _____

Course to be substituted for LIS 514, Research Methods: _____

Please attach the syllabus or supply a link to the syllabus. The course must include evidence that methods of research are part of the curriculum of the course. These might include, for example, a review of existing research in the field and design of instruments used in the field. This should be clearly reflected in either the title or syllabus of the course.

If substitution is approved by the Palmer School, proof of completion of the substitute course must be supplied via official transcript before the waiver is completed.

Signature of student: _____
