

Seawanhaka Corinthian Yacht Club

Seawanhaka Corinthian Yacht Club, located on beautiful Centre Island in Oyster Bay, is a over 150 years old and posses a trove of Marine Artworks and Artifacts. The collection includes an outstanding collection of sterling trophies and exceptional half-hull ships models.

Most all of the collection is documented and recorded but needs updating and a convenient means of reviewing the contents. Ideally we would like to see all of the collection in digital format. The work actually requires two interns each working on an area of their own. I see the two interns as Junior Curators.

I am available most any time to preview the work with any interested person and look forward to hearing from you.

Thank you/ Past Commodore Robert De Natale
