

United Nations Photo and AV Libraries

Greetings from the UN Photo & AV Libraries! We have opened applications for this year's library/archives internship opportunity with the Multimedia Resource Unit at the United Nations Department of Public Information.

Once again, we are looking for interns who would like to gain professional, hands-on experience with multimedia collections, specifically photo, film, video and audio materials. Interns work five days per week (35 hours) under the supervision of the Chief of the Multimedia Resources Unit, for a minimum of two months with a possibility for extension. The internship is unpaid and full-time. However, due to the unpaid nature of the internship, we are more than happy to work with interested candidates who would prefer a part-time experience for a longer duration if that better suits their needs. Please see the link below for a full description and to apply directly. Please circulate to interested Library Science/Archives/Information Management Graduate students.

<https://careers.un.org/lbw/jobdetail.aspx?id=52222>

Please let me know if you have any other questions whatsoever and if you would be able to post this to any internal list-servs or bulletin boards where interested candidates will be alerted. We know it is not ideal that it is unpaid; but it could be an opportunity to get practicum/course credit as well as great experience with our special collections.

Thanks so much!

Carly Bachman
